My testimony will be on Transportation funding for the State of Oregon. HB 3991

As a tax payer who already pays taxes to Oregon every year during tax season VS getting taxes back, I simply have nothing left to give you. You already built a new high-school, you already levied for teachers salaries, you already build a new bridge over 99W. I am having a hard time understanding why I pay so much in 2 car registration as is? Why?

We pay for fuel both Diesel and Gas, have you all filled up lately? it is extremely hard to afford fuel on 2 auto before going shopping and using every last dime in the bank, and now you want to tax me more? Tax fuel more, and that leads to taxing groceries! because NO business in America eats taxes, only consumers.

My Vote = NO

T.K you need to step down, your not good for Oregonians.
