Oregon Legislators,

As a retired couple, I must implore you to reconsider any leanings to further burden the taxpayers of Oregon. You have a fiscal responsibility to manage government spending and that responsibility should not include further taxation. Oregon tax and spend is a death spiral from which we will not recover. The state has not done its duty to manage what it already demands from the residents. This is not sustainable and NOW IS THE TIME TO STAND UP AND STOP THIS SPRIAL! Regardless of party, I am sure you know this is the truth a majority of your informed constituents believe. You cannot solve every problem with more spending. You were elected to employ wisdom, judgement and direction. You were not elected to just pass spending bills. Please know we are all watching how you comport yourselves !
