Measure, Appointment or Topic:	HB3991

House and Senate Republicans have put forward plans to fund essential transportation projects (emphasis on essential) without adding or raising taxes and fees. This is the West Coast, not the East Coast. We drive cars out here. Very few people want or need public transit, light rail, etc. We want roads and bridges in good condition with enough lanes for high-volume traffic. The money is already there for this - it just needs to be used in the right way. No new taxes. No new fees. No increases in taxes and fees. No on HB 3991.
