Funding

Measure, Appointment or Topic: HB3991

I oppose this HB. The funds for the transportation bill is too high. Oregonians are not able to afford additional fees and taxes to cover this. Use funds you already have to fund this since we know there is so much waste and funds used on things that don't benefit Oregon citizens.

Take waste out of the current transportation funds and deprioritize projects not needed at this time.

Look to the options and solutions recommended to not raise fees.

It really feels like our Oregon government doesn't listen or care about their citizens.

Do the right thing.
