It never ceases to amaze me how poorly the State of Oregon mis-manages the funding that we, the tax payers entrust to the Legislature and the Governor. We are taxed enough. Adding more taxes to the burden you have placed on us is ridiculous.

Transportation and roads are a core function of government- the other stuff you choose to fund is not. It is time for the State to cut funding from the stuff you may want to fund the things you need to.

New taxes are not acceptable. I oppose this bill
