I implore our elected leaders to hear what the people in your communities are saying: No more taxes! No more raised fees! Our government needs to work within their budget as our citizens are expected to do. Does that mean potential layoffs? Maybe so. Potential pushed projects? Quite possibly. Do your jobs and represent your community members. Additionally remember you work for us - you were voted into your position by your community members and just as easily be voted against. See this last minute, holiday weekend, special session the way Oregonians see it - a ploy to get citizens not to notice! We notice and we are watching. We will not forget!
