Vote against HB 3991, the special session transportation bill. Giving 5 billion dollars to ODT will not solve the problem of a bloated bureaucracy that has incompetently wasted the money that the legislator has previously given it.

Take the money away from the ludicrous idea of building a baseball stadium in crime ridden Portland for a team that doesn't exist and fix our roads with that.

ODT needs to be held accountable for their misuse of the budget they have previously been given. Spending millions of dollars on light rail that no one rides because of crime and drugs in Portland, on studies and plans for an expansion of a bridge over the Columbia that doesn't expand the number of lanes, but adds light rail that Washington State doesn't want?

We deserve better representation than to be taxed into submission by those of you that have more dollars than sense. PLEASE VOTE NO! WE CAN NOT AFFORD TO HAVE OUR TAXES CONTINUENLY INCREASED.

Talk with Representative Scharf. She has some solutions for reallocation of funds and accountability measures for ODT to follow so they are accountable for the use of funds that are allocated to their department.
