Well here we go again. Continue to move the goal post to try and make this monstrosity of a crap sandwich appeal to the taxpayers taste. Well, it's still a crap sandwich and we as taxpayers have had enough. The majority of us have testified against this legislation. What part of NO do you illiterates not understand. I have tried to be respectful in my commentary but when the Governor continues to try to perform a bait and switch, I'm done!  
You, the legislature have only your constituents to answer to. Listen and do what's right. Vote No on this legislation! Accountability for all departments.
