Dear Committee members

I adamantly oppose this bill. The short story is that there is an alternative to meet the needs of the public without raising any taxes or fees.

Oregonians are struggling and you refuse to look at options that don't raise our taxes and fees. This is just cruelty to hard working Oregonians who are barely making ends meet. We have to balance our household budgets. We can't ask for more. You should do the same. If you truly represent us, your constituents, that is the choice you should make.
