Committee: Joint Special Session Committee On Transportation
Funding

Measure, Appointment or Topic: HB3991

No increase in taxes. Stop making bike lanes and start watching budget over runs. Make a budget and stay within the parameters. Don't "fix" what isn't broke, but by all means fix roads that are in dire need and stay within the budget, make cuts if necessary, but stop funding changes to existing roads that don't need repair. Find a way to charge electric vehicle owners since the weight of these vehicles are having an adverse affect on highways, but don't make folks who cannot afford evs pay for road disrepair caused by evs.
