No new taxes!!! Especially no new taxes without a vote!! We, the Oregonians you represent, are being crushed under the weight of government taxes. As a family, when we can't afford something, we tighten our belts, reprioritize, and cut where we need to. Oregon government just loosens its belt and gets fatter on the money that is not rightly its own! PLEASE listen to your citizens and do not turn a blind eye to our hardships. While my husband and I will have to once again tighten our belts if this happens, I am extremely worried that this might be the final blow to my son, his wife, and baby. Already struggling under the weight of unforeseen medical bills due to over three weeks of NICU bills and trying to survive on an Oregon teacher's salary, this might just send them out of Oregon. How sad!!! For what? For government's greedy fingers and its inability to cut from the top and reorganize. Please stop the madness!!! I beg you with literal tears in my eyes.
