Measure, Appointment or Topic: HB3991

We support audits of all state agencies. WE oppose any increases in gas or fuel tax or any increase in costs associated with raises taxes and fees. The Governor is very corrupt, extremely inept and her leadership of the anti-America American Marxists party shows her hatred of rural Oregonians. If she cared about this state, she would do audits of all departments and agencies. She hates rural working-class Oregonians/ Americans with her support of funding for illegals over citizens. Raising taxes on fuels and registrations hurts the poor and working class, the ones you lie about trying to help. We are tired of the party in charge not listening to the will of the voters! We have said and shouted no more taxes.

We oppose anything that the party in charge wants and are very opposed to anything the very corrupt and extremely inept Governor wants. She needs a mental illness check as she is unfit to govern.
