Being a lifelong resident of Oregon I strongly oppose this bill. Our once great state and its residents are struggling to make ends meet, afford housing, food, child care and health care, people and businesses are moving out of state and the state wants to increase taxes? We are surviving within our means and we expect those making budgets with Oregon tax dollars live with in their means and quit raising taxes and waisting tax payers money on unfinished projects and more and be accountable for the spending and misuse of taxpayers money. This is not working, we are broke in many ways.
