I strongly oppose this bill. My husband died a little over a year ago. It is hard enough going down to a 1 income house hold and now you want to take more. I have to live within my means. I don't get to vote at my work to get more money. Figure out you budget and live within the means. Tax the electric cars more. You pushed to go green have them pay more per mile to make up your short fall. Since you are not getting enough tax money to balance your budget. Sale some timber. Create some jobs.
