Measure, Appointment or Topic: HB3991

Dear Legislators- it is incredibly disappointing and disgraceful that the transportation package is constantly getting resurrected because the governor is not getting her way . This blatant disregard for the wishes of oregon citizens will not be forgiven or forgotten in the midterm elections next year . The practice of dirty politics is outrageous. This nonsense needs to stop . All public testimony on this subject should be considered and taken into account . Not just the testimony by those of us who happen to not be traveling this holiday weekend . You all should be ashamed of yourselves for shoving these very unpopular tax and fee increases down our throats !! I urge you to vote NO on yet the last 2 bills submitted under the cloak of darkness late on a friday night .
