Measure, Appointment or Topic: HB3991

It saddens me that the Oregon state government, specifically our Governor, is unable and unwilling to manage the state with fiscal responsibility. All families must learn to live within their means, the government is no different. The issue is the democrats who hold super majorities and Governor Kotek function without regard for the citizens. We are drowning in taxes and fees. My family and most i know cannot afford more. Rather than considering this the elite in power don't care and are inept to make the right decisions. Families must cut their budgets in times of pressure, Oregon is no different. We don't need new taxes and revenue sources, rather cuts to the bloated system and for the Governor to do her job and manage the massive spending of the state. Please be reasonable and look at your constituents. You are crushing us already, we cannot take any more.
