Oregonians are already over taxed. People are fleeing their home state and closing businesses simply because they can't afford to stay. Oregon government needs to stop overspending and operate within budget.

Government spending has increased significantly, outpacing both population growth and GDP growth. Oregon doesn't have a revenue problem, it has a spending problem.

Oregon Government is liquidating the future of people who are on fixed incomes or still working through inefficiency and waste, fueling public unions and unaccountable nonprofits. Not to mention billions spent on illegal immigrants and the increasing drug and homeless crisis.

No new taxes

No increased registration and title fees

ODOT needs a comprehensive audit

No EV mandates

End Project Labor Agreements

End Climate Protection Program

End Advanced Clean Truck Rule

=These aren't solving our problems, they're driving costs higher.
