

Submitter: Krista Bond

On Behalf Of:

Committee: Joint Special Session Committee On Transportation
Funding

Measure, Appointment or Topic: HB3991

I am opposed to HB 3991. Raising these fees and taxes would not only raise transportation expenses for individuals, but increased taxes and fees for truckers would result in increased cost of groceries and other goods, to consumers.

People are already struggling to stretch their money far enough to meet their needs and the needs of their families. This would only make that task more difficult. Since the Department of Transportation has stated they have the funds, why not look into reallocating those funds before you consider this gigantic tax increase. Show your constituents you are sincerely not trying to destroy their lives. The money is there. It can't be used.

This bill would take more money from hardworking people so they can have less and you can have more. How can intelligent representatives "of the people" even consider this bill before looking at all of the available resources?

Thank you for your consideration.
