Please do not make the same mistakes Oregon has been making now for over a decade, believing that we can raise more revenue in order to fix things in this state. We need more discipline, new ideas, and a return to sanity and normalcy for the MAJORITY of residents who are already paying way too much. Oregon used to be livable, clean, affordable, safe, and full of great things to do. Now with more money than ever in the budget, it is unlivable, dirty, expensive, unsafe, and business and activities are few and far between.

STOP this insanity. Do what's right. Make hard choices with the money you already have just like any family or business is forced to do. And if you have to lay people off to do so, well that's the real world.

NO NEW TAXES!!!

And while you're at it, please get rid of Multnomah county preschool for all. It's an incredible abuse of spending and taxation.
