Funding
Measure, Appointment or Topic: HB3992

I am against a tax hike in gas taxes. I am against fees being raised on motor vehicle registrations and title fees. The fees already cover the cost of the labor to dispense the titles and registration. Computers do most of it and it's just a repeat of information from previous years. Gas taxes are high already in Oregon, with roads in disrepair all over. This money being raised isn't for ODOT I feel it's to finance virtue signaling projects of the Democrat government of Oregon. Balance the budget and be transparent of where the money is and where it went. Paying off ill advised bonds from 2017 and other failed and over budget projects doesn't justify draining money from all over taxed citizens. You blame it on Trump but look no further than the legislators considering this shake down. It's not billionaires during this to Oregonians, it's you guys.
