Measure, Appointment or Topic: HB3992

I just don't think that some of you in this process are understanding what your constituents want.

From my days in HS, we were taught that we are to elect those of you who we would like to be

our voice, but not to over tax us and definitely not to cast our votes! Why are We the People not allowed to make up our own minds?

These two new bills, will increase our way of life and need to be shut down! Until a thorough audit of ODOT is completed we need to wait on any new taxes! Please give this request some thought,
a lot of thought!

Oregon, right now has the fourth highest gas tax in the United States!

Fourth! Now, with these two proposed bills, you will raise everything in our lives! More to pay for gas, more to pay for food, more to pay for our commute. Pretty much every aspect that's needed to be able to go to work, raise a family, to live, will be impacted!

Please stop and consider the seniors on fixed incomes. Families who want to feed their kids or take them on a camping trip to the beach.

Why not use the 29 million in a DEI fund for O.D.O.T? How about fiscal responsibility?

Please reconsider voting for these two bills that will surely cause many hardships.

Thank you,
Teri McCoy
