Funding

Measure, Appointment or Topic: HB3991

To Whom it may Concern,

We Oregonians are already taxed greater than we should be. This additional tax is only needed because of the mismanagement of our politicians. Governor Kotek has not given any transparency nor oversight to monies already voted on and paid by the taxpayers of Oregon. It has the appearance that tax dollars are mismanaged to the advantage of the politicians and not the public. This added tax will hurt many families, not only low income, middle income, seniors and single parents. Why can't the Cities, Counties and State manage the budgets they have already and have failed miserably? Adding more tax monies is not going to help any of the taxpayers. We need transparency and new politicians who can do the job and do it correctly. I greatly oppose this transportation funding, I have many clients who feel the same. When the politicians tell us taxpayer that "we want this" that is a huge LIE. WE the taxpayers DO NOT WANT THIS. Hear us loud and clear. Stop the abuse of the taxpayers monies.
