I oppose HB 3991. It, along with HB 3992 are both last ditch attempts by the governor and some of the legislature at, once again hiking our taxes. These bills do not represent our best interest and quite frankly, many of the people running this state and managing our tax dollars don't represent our best interest, either. ODOT's function is to maintain roads/bridges/infrastructure...not spend \$30million on their DEI department which employs only 30 people! Government efficiency at it's WORST.

If you want to see more Oregonians move out of the state due to the financial strain this state places on it's own citizens...then pass this bill...you'll see it. People can only take so much before they say ENOUGH!
