Funding

Measure, Appointment or Topic: HB3992

ODOT is asking for more money when they have failed to provide the services promised within their budget. Throwing additional funds at the issue at the tax payers expense is not a sustainable solution. ODOT needs to work within their means and "cut the fat" so to speak. They need to figure out how to provide their services within the current amount of money they are managing and be accountable to the public for their spending. I am completely apposed to any new taxes. Any additional taxes will cause additional voters to leave the area and businesses to suffer under the weight of more costs. Stop the waste. Listen to the voting public. Honor your positions and be transparent.
