Committee: Joint Special Session Committee On Transportation  
Funding

Measure, Appointment or Topic: HB3992

Oregon is already in the top 5 most expensive tax rate in the country. The tax paying citizens can't and shouldn't be asked to be burdened by even more taxes and fees. Poor budget management and fraud is the state's responsibility. If you can't balance the tax dollars and spend them appropriately than you need to be fired! We already paid our dues to help fund the state and that's all we are responsible for. We are going to demand a DOGE audit from the federal government to see where our money has been going. PUC's are supposed to fund road maintenance but hardly any roads get maintained so where is the PUC money? We are going to pass the petition to end vote by mail so we can have accountability with free and fair elections. The Representatives that are in Oregon legislature doubled not represent the people or are too weak to get the results the majority of Oregonians want done. We are going to vote you out of a job and elect brave patriots to represent the will of the people. Why do you think the Greater Idaho project has been voted in by most of Eastern Oregon? Its because we are so unhappy with the way Oregon is getting managed but again, you all don't care that we want to live like Idaho's conservative ways. In rural Oregon we don't have a transit system so we shouldn't have to pay for it. In rural Oregon we have to drive so hiking up gas and DMV fees hurts us financially as well as driving rhe cost if goods and services because things get delivered with vehicles that use fuel. Doubling the employment tax hurts tax paying businesses who will be forced to leave the state. The old saying "cutting your nose off to spite your face" holds true when you consider the fact that when you make it too expensive to live, work or own a business in Oregon you are forcing your tax paying citizens to move to another state, then all you will be left with is the welfare class who pay little to no taxes so who will fund the state programs them? Think long term goals here!!! Enough is enough! We are making a stand to say no more taxes! Leave us alone! The assault on tax paying citizens is over! No means NO!! We see the wolf in sheeps clothing, you are not for the people!!! This is unconstitutional!!!! WE ARE DONE!!!
