I find it unconscionable that this administration does not listen to its people when they testify against a bill in such high numbers, that they throw away the testimony and require people resubmit their opposition to the bill at hand.

My wife and I are seniors on a fixed income, with 2 of our grandkids living with us. We are already paying way too much in income taxes, gas taxes, registration fees and other fees. Now you want to increase these beyond what I and others can afford. Stop the drain! Until ODOT can account for the money they're already getting, don't come for more.
