Measure, Appointment or Topic: HB3991

Dear Governor Kotek, Representatives and Senators,

For the love of God! This is the 3rd testimony I've submitted. I presented in person opposing HB2025.

We are sick and tired of the dishonesty about taking more money out of our pockets rather than YOU prioritizing what we need most! Fix the roads and bridges. Stop funding the unnecessary projects and administrative positions. Stop bowing to the unions.

The Governor should be ashamed of herself! Please listen to what the overwhelming majority of Oregonians are saying! There is no reason to let essential ODOT workers go. Stop exploiting these essential workers and trying to use them as a manipulative bargaining tool.

Do what's right and vote NO on HB3991.

With appreciation,  
Angela Pederson
