Oregon collects millions of dollars in taxes, with promises to fix roads, bridges, homelessness, inequities, etc. and we virtually never see the results we are promised. Instead we are told we just need to pay more, pay again but we are not told where the money went that we already gave, and again the services promised are not realized. Oregonians cannot afford to keep paying for wasteful spending. And we cannot afford in the midst of a struggling economy more taxes. We are strained beyond our limits. What we really need is an audit of government services, transparency and no taxes without representation. Please vote no on HB3992.
