We have never seen such absolute Take over in this State as Governor Brown and Kotek. They are purposely trying to destroy this once great State. NO means NO new taxes. And another thing! Why are we paying such high fuel prices now than everybody else in the country?? We The People would really like to know? So you better vote this bill down or We will vote for a change in this government Starting with you. You have repeatedly ignored the will of the people in this State so you could benefit from these outrageous policies.
