I oppose this new tax, people in Oregon are tired of all the taxes we get, our roads are terrible, schools seem to always need money (I don't have kids in school) yet I have to pay for this, property taxes are thru the roof, making people have to sell, gas is higher and vehicle registration has gone thru the roof. Pretty soon you will have more people on the streets because they can't afford to live, I myself live on Social Security and have no idea how I am going to afford taxes, barely afford all the utilities and then have something to buy food with. All these utilities and property taxes need to stop with the increases, let people breathe for a chance. So I am saying NO TO MORE TAXES, unless you want more people out of the streets.
