Please do not consider this proposal from our governor. Oregonians do NOT need more taxes. We already pay some of the highest taxes and gas prices in the country and here we are again with the government with their hand out asking for more. Make it work with what you have as we all have hD to do the last few years. We don't have the option to just give ourselves a raise when the going gets tough. Look to cut the bloated upper management and red tape before cutting jobs for the ODOT workers in the field. Do your job and speak for the people you represent. No one and I mean no one wants more taxes!
