I'm a born and raised Oregonian and have lived here all my life in this once great state called Oregon. I say once great state as its morals and political values are no more. I strongly oppose HB 3991 in its entirety in that Oregonians cannot afford billions of dollars to support a crumbling Hwy system and crumbling infrastructure that can't live within its means. The state has lost working people cause they can't make a living here, it's lost business's because they are taxed to the hilt and can't make a profit here anymore because they are taxed with the continued rise in taxes, we can't keep surviving this way. Someday soon this will all come falling down as the remaining people have no more money to give. I have to live on a budget and with in my means on a limited income so I expect those running the state should do the same with my tax paying money. Let me make this clear: NO NEW TAXES and NO HIDDEN TAXES. Thank you.
