Committee: Joint Special Session Committee On Transportation
Funding

Measure, Appointment or Topic: HB3991

I do not support the current form of the transportation bill before you. Raising payroll taxes, and DMV fees will add to the financial death spiral of Oregon. People are over taxed now, as it is This bill will push people to leave the state.

If you are looking for money, please consider the huge cost of allowing metal studded tires. Outlawing those tires would save millions in road repaired each year. Also, EV cars should pay their proportionate share of road repairs.
