This tax bill will put a financial burden on people who are on a fixed income. I'm a 21+ year Veteran living on my fixed retirement income and my mother is a senior citizen who depends on her social security as her major source of income. A rise in gas tax, vehicle registration and title fess will have a significant impact on both are incomes and our ability to pay for other necessities such as food and utilities. DOT should also not be able to raise taxes as they see necessary without oversight. I strongly oppose HB 2025 because it will have standing negative effects on fixed income families.
