I oppose this bill! Oregon is already the top ten highest states for taxes! Under some studies it comes up highest of all states. People are leaving the state of Oregon to get relief. It could be argued that this bill might have dire consequences to reduce funding because people might go bye bye. We have options to claim residency in another state. I believe that this bill is totally dishonest and contradicts the stated platform Kotek ran on, helping families. We're already over tax find ways to reduce spending.
