I am severely disappointed and disgusted by the legislation trying to push increases fees and taxes thru on a holiday weekend and to not consider testimony of yesterday special session in regards to the proposed increased taxes and fees to fix Oregons spending problem. Live within your means. No need to taxes or fees. We are getting taxed/fees so high and cost of living is so high we cannot hardly afford to stay in this state. Listen to your constituents and follow the will of the people you represent.
