At this rate we will have nothing left of our state if you pass this bill. The lack of transparency and accountability is dumbfounding. Where did all our money go? Why are our roads unkept while I see ODOT and county vehicles all over?

The amount of money supposedly spent on drug addiction and homelessness, where did it all go?

You have created a monster and now you can't control it. Our beautiful state now crawling with drug addicts from all over the country and our forests full of homeless and they are burning it down. Such a sad state for our state to be in. And it wasn't at the hands of us tax payers.

This bill must not pass. We can't afford it! And when I say we, I mean we, the Oregonian tax payers .
