65 years I have born in Oregon, proud citizen and voter. I have watched the state be siphoned down into worse than despair. I get that we have to pay taxes, but when the taxes take nearly half of my earned income every two weeks for things that have no reason to be taxed from my dollars., I had to speak.

Our state has a income budget that has a kicker that has been in the plus plus in the past few years. That shows that the taxes are more than enough to cover our states budge. Odot has mismanaged and funneled through the state governors offices, monies to pet projects and is at fault. Between K Brown and.T Kotec's leadership our state budget and usage is out of control. We need no new taxes, a full forensic audit. A pair down of Odotmanagement supervisors. The the audit needs to take place immediatly and the monies that were appointed for state Roads and repair returned and the people receiving that income cut off and must repay.

I say no to both bills being portrayed as necessary. The next thing that should be done is a full on open transparent overview of projects to be funded statewide. Then that should go to the people that vote legally.

I again state... NO NEW TAXES !!!!!!!!!!!!!!!!

Thank you, Peggy Carlson
