Measure, Appointment or Topic: HB3992

We can not afford this as a small business that has less than 10 employees and has to drive to homeowners houses. ODOT had Billions of dollars that they need to use appropriately. We can not afford to keep increasing our costs. If we do we will likely not only have to suspend employees modest Christmas bonuses (which help our employees through the extra expenses of the holiday season like buying their children Christmas presents) , but we may also have to roll back our vacation days that we pay for. We have already talked about having to move our business out of state due to taxation, but would like our kids to finish school first. Please DO NOT increase our taxes!!!
