No! How many times do we have to say it? We cannot afford more taxes. Most of the citizens of Oregon can't afford the taxes now, it would be ridiculous to add more. Why don't you accept the proposals that were put before you that would fund ODOT and not put more taxes on us? I don't believe you have what's best for the residents of Oregon in mind, I believe you are just playing a power game to prove you're in charge and it is killing the citizens. If you would spend the tax money that you're already getting from us appropriately ODOT would not need more. Why don't you lower your wages, have the same health insurance that we do, pay the same amount of taxes that we do, and try living according to what you have us live on rather than what is most comfortable for you? And stop spending the legal citizens tax dollars for those that are illegal, I don't want my tax dollars going toward people that are here illegally and committing crimes, I would like my tax dollars to go towards senior citizens and the American veterans that have kept our country safe.
