Dear Representatives,

I urge you to kill this bill and turn your ears to the voice of the people you are tasked to represent. The people of Oregon DO NOT want this.

This is a bi-partisan issue, both sides of the aisle are strongly opposed to this bill.

Furthermore, we are sickened and disheartened by the poor display of leadership, time and time again, by those who are supposed to be working to protect the best interest of all Oregonians.

We urge you to do better to protect Oregon and protect the future of our great state.

I have lived here my entire life, and over the last 5 years I have watched countless families flee to states that felt safer to them to live in than Oregon. Why? Because poor leadership is wreaking havoc on the livability of our state.

We voted for you to represent us, please listen to the people.
