I strongly oppose this bill. Citizens of Oregon are barely able to afford living in our beautiful state. The answer is not more taxes. Use what funds are already available. Stop moving forward on projects that have not even been started but funds are not used. Some of these future projects that are already partially funded are several years old. It's not an urgent situation to fund them. ODOT needs to be held accountable. We don't need another audit. Fire those who can not stay within their budget. Salem continues to make Oregon almost too expensive to live here. Again, I strongly oppose this bill.
