Given the amount of profligate waste being poured through the ODOT bucket (\$1,100 MILLION), where is the evidence of accountability (vis-a-vis terminations of employment)?? Past audits have only issued wrist slaps and have been wholly ineffective; meanwhile, Oregon's economy has suffered tremendously due to over-taxation. If this bill passes, there will be no more economy to "keep moving" - only governmental overlords, and American history proves that that inequitable scenario never ends well. Vote 'NO' on this gargantuan over-reach by executive fiat, go back to your budget and rebalance it. This is why Oregonians hired representatives: to do the right thing while representing their constituents. Should be an easy decision to Oppose House Bill 3991, as Oregonian voters watch this "special session" very closely to remember how to vote next year. Thank you.
