Funding

Measure, Appointment or Topic: HB3991

I oppose this bill! Oregon needs to tighten their belt as we in Oregon are having to tighten ours. I am 72 years old, and are already feeling the pinch of the taxes and fees in Oregon. I live in the rural town of Elkton which is 45 minutes to town (Roseburg) which is where I do my shopping. It is where I go to the doctor, and where I get Labs done. The governor seems to think 6 cents per gallon of fuel is no big deal. Well it is. Also when you are a senior living on a fixed income doubling registration fees is another big deal. Every penny the state takes means I have to cut back somewhere. that would be groceries, medications, and other products that are necessary. If there is another way to fund the NEEDS of ODOT those should be implemented before raising any taxes or fees. things that are not necessary such as DEI should be cut from their budget. The supreme court has found that DEI is discriminatory and shall be discontinued! I am tired of Oregon trying to engineer society! PLEASE DO NOT RAISE ANY TAX OR FEE
