Committee: Joint Special Session Committee On Transportation  
Funding

Measure, Appointment or Topic: HB3991

I Oppose HB 3991 on Transportation Funding as Oregonians cannot afford any more taxes or fees than we are already having to pay. Governor Tina Kotek has not and is not accountable for previous funds Taxpayers paid to repair Oregon's roads and bridges and estimates are exceedingly over the amount originally allocated. I speak for my family and another family who are 5th generation Oregonians born and raised here in the beautiful state of Oregon, and we cannot afford to stay in Oregon if this bill passes. Record numbers of businesses are having to leave Oregon because of being taxed to death and yet bills like this one continue to be created and passed mostly under the radar of Oregon's citizens, and these bills are clearly set to destroy Oregon and its people who pay the tax dollars you are not accountable for spending. I call for Governor Tina Kotek to be investigated by a non-bias legal firm, or D.O.D.G. at the federal level for misappropriation of funds, voter fraud, violating federal law, and trying to pass bills that are in the best interests of the unions, and not in the best interests of Oregon and its citizens, who pay Oregon state Taxes.
