Hello, Christine here, I'm a 64 yr old female that due to an illness I'm on SSI early. My monthly payment is \$1204, with the proposed increase in taxes, the hardship these taxes will cause are not sustainable for myself and many other seniors on a limited income. I beg you all to oppose these taxes and demand that the state tightens their belt and stop bleeding your constituents dry as you took an oath to represent. This tax affects all the prices of food and services we use, Oregonians are already struggling to survive over the taxes Governor Koteck has burdened our state with. Thank you for your time. NO MORE TAXES! Remember we are all watching who votes for this and it will be reflected the next time we vote!
