Please stop raising taxes. Please prove you know how to use the money you already take from us because that is more than enough to do what needs to be done. Put the money in the right places instead of keeping it where it's at and demanding more to cover mistakes. The average working family is going to be even more devastated if taxes are continued. I've lived here all my life and I've watched EVERY single price in Oregon raise 3x since 2016. Fix previous mistakes, learn from them and moved in a more beneficial way for all people of Oregon not just special interest groups.
