Public officials, legislators, the governor, etc.... all of you are supposed to work FOR the citizens, not punish them. Oregon government takes PLENTY of taxpayer money. You need to work more efficiently with what you already have instead of demanding more from us. You should be ashamed of the piddly amount of the ODOT budget that actually goes toward maintenance. Many of us are speaking up against this and you are NOT listening. The conversations won't stop after and if you pass this huge tax grab. The conversations will continue up until the next election cycle and we will not forget about this. Please do not ignore the fact that 95% of Oregonians are AGAINST this.
