Funding

Measure, Appointment or Topic: HB3991

Thank you for the opportunity to speak in support of transportation funding. Oregon's transportation system is in urgent need of investment. Roads, bridges, and transit services across the state are aging, underfunded, and in many areas unsafe. This affects not just commutes, but access to jobs, education, healthcare, and economic opportunity—especially in rural and underserved communities. We need a bold, statewide funding package that supports safer streets, reliable public transit, and resilient infrastructure. Every dollar we invest now prevents higher costs down the road and builds a stronger, more equitable Oregon. Please act now to pass meaningful transportation funding in this special session. Thank you for your leadership.

Sincerely,
Yuliya Alekseeva
