Measure, Appointment or Topic: HB3991

I am in support of HB 3991. It is vital that 3991 and HB3992 be passed right away. Months of preparation, public meetings and private negotiations have taken place over many many months. I admire the persistence and efforts the Transportation Committee members have taken to present the best possible bill to the legislature. We must pass HB 3991 and HB3992 now to avoid the lay offs of hundreds of Oregon department of Transportation workers on September 15th. We own a gasoline powered car as well as an electric vehicle. Gasoline taxes should be raised with inflation. We will all benefit from HB 3991 and HB 3992. Thank you Peggy Harris
